

MADE IN THE USA | DESIGNED BY LOGICOURT

The Ultimate Cost-Effective Alternative to Plastic Court Systems

The Next Evolution In Detachable Courts

SlamJam Detachable Courts deliver the **look, feel, and play** of real **hardwood maple** at an **ultra-competitive price**. Engineered as a lighter, thinner, and more adaptable system, SlamJam provides **more "bounce to the ounce"**—offering equal or superior ball response compared to traditional maple floors.

Why SlamJam?

SUPERIOR PLAY PERFORMANCE

- Solid panel design with built-in subfloor and proprietary padding system
- Outstanding ball rebound and true-court feel
- Trusted quality backed by **32 years of gym flooring experience**

MULTI-SPORT. MULTI-REVENUE.

- Ideal for **Basketball, Volleyball, Futsal, and Pickleball**
- Create additional revenue streams with off-hour Pickleball play
- SlamJam is ready for **AAU tournaments and national event invitations**

SMART INVESTMENT FOR FACILITY OWNERS

- Backed by lending partners who understand cash flow for growth
- Expedite your build-out with a **ready-to-play installation process**
- A system that moves when you do—install even over turf!

LIGHTWEIGHT & PORTABLE

- Quick installation and breakdown
- Proprietary tournament hardware for fast conversions
- Moveable design—take your court with you!

CUSTOM BUILT TO FIT YOUR SPACE

- Unlimited graphics, colors, and game lines
- Perfect for **training facilities, schools, multi-sport complexes, and event centers**
- Designed and manufactured in days – not months
