

NEW PRODUCT

TURF SUBCOURT

LogiCourt introduces the Turf SubCourt, a game-changer for athletic surfaces. Featuring 100% ball rebound and easy installation over any surface, it enhances play quality effortlessly. Pickleball mats can be taped on, and it significantly improves plastic tile court performance. The 4' x 7' interlocking panels, secured with aluminum hardware, ensure stability and durability. Elevate your court with Turf SubCourt, perfect for both professional and personal use.
